## **What do I need to register an imported car in France ?**

To register your car in France, you need to obtain "Attestation d'Identification Nationale".

To provide this document, please, send a copy of your complete registration to [contact@european-certificate-of-conformity.com](mailto:contact@european-certificate-of-conformity.com)

We'll check your document and we'll send you the price by e-mail as soon as possible.

Following your request, you should send a copy of your ID or passeport, copy of invoice, you should fill a form....It depends on manufacturer.
